

Wednesday 12 September 2012

Dear Parent/Guardian

On Wednesday 20<sup>th</sup> September the children in Year 4 were lucky enough to receive a skipping workshop from "Skipping Schools UK." The children were trained in many techniques and moves and were also taught how to help children in the lower years to develop their own skills. For the next two weeks the skipping ropes that the children used during their workshop will be available to buy from class 10 for £4 each; they come in a range of sizes suitable for children aged 5 years and up.

It is hoped that these skipping playground games will promote friendships across the Key Stages, provide fun physical activity for all whilst also giving the children in Year 4 a chance to practise their leadership skills during their last year at Archibald.

If you would like to purchase a "Skipping Schools UK" rope for your child please see Miss Scott in Class 10.

Thank you

Miss Scott
