

## Spanish

Clothes will be looked at this half term in Spanish. The children will learn how to say a range of everyday clothing and use colours to describe them.

# How can I give the world a hug?

## Rubbish Monsters

The children will learn all about the story of "Eco Zico" a tale about a super hero boy and his mission to save the planet. Through this story the children will learn about the importance of recycling, keeping our planet clean and ways in which we help to prevent pollution. We shall also be asking the children to design and make their own rubbish monster or animal for their You and Me task.

## Art and DT

The Art and DT this term will all focus around using materials which can be recycled. This will include making our own paper and creating collages by reusing pictures and from magazines as well as reusing pieces of foil. The children will also create an Elmer elephant from milk bottles and a range of old bits of material.

## RE

In RE we shall continue our work learning about Judaism. We have arranged a visit to a local synagogue to help reinforce the children's understanding and to bring the topic to life.

## Science

'How can I give the world a hug?' lends itself to the topic of materials. The science will initially focus on materials and their properties before moving onto how materials can be grouped and changed. We will also explore where materials come from and if they are man-made or natural. Finally, we shall explore how materials can be recycled.

## PSHCE

The PSHCE work will revolve around raising the children's awareness of not wasting resources and energy. They will consider how we can look after the world. We will also talk about ways of keeping safe and how simple choices can improve their health and well-being.

## PE

This half term we will have gymnastics sessions as well as multi-skills lessons that help to develop agility, balance and coordination.

## ICT

The children will learn how to use emails through 2 simple. They will send an email to Mrs Bayes and 'The Green Team' explaining how we could be even "greener". They will also learn how to reply to emails. We will continue to use websites and the internet to support our research and the children will become more confident at using hyperlinks.

This half term we will also introduce the concept of 'algorithms' and 'debugging'.

## Music

We will be continuing our work using the Charanga music programme. This half-term we will focus on the song 'I Wanna Play In A Band' and even create our own version!
