## About ART4:

Created by Victoria Marcantonio (Ba HonS,P.G.C.E), Art4 is the realisation of a long held ambition to provide an innovative approach to teaching art. As a dedicated primary School teacher, with over 20 years experience, Victoria has the vision and creativity to make learning FUN!

Before becoming a teacher Victoria explored a variety of different areas of creativity: including Fine Art, Fashion and Ceramics. She studied Glass design at The University of Sunderland, which has a worldwide reputation for excellence within this unusual and delicate medium.

Having exhibited work in galleries around the region Victoria was drawn into education and specialised in teaching both Art and English in Primary Schools. It was within schools that she developed the unique approaches to teaching artistic techniques that have become the basis for the company Art4.

Art4 offers specialist art teaching in exciting and dynamic week long workshops. They immerse the children in the energetic process an artist undertakes when embarking on the creation of a new body of work. Each workshop guides the children expertly through the stages of research, design, creation, alteration and exhibition.

Encompassing all age ranges, each workshop has a unique theme, which encourages creative thinking and imagination. The children will have fun learning and applying new artistic techniques and will thoroughly enjoy using a wide variety of materials to create their own stunning masterpieces.

### ART4 encourages children to:

- Discover and develop confidence in their own unique creative abilities.
- Enhance and encourage self-expression and imagination.
- Acquire and apply a variety of artistic skills and techniques.
- Create and collaborate on group projects which build team work and leadership skills.

## ART4's PHILOSOPHY

"I value highly the influence of the creative arts in children's development. Art can unlock a child's potential and confidence, and allow them to communicate their thoughts, ideas and effectively express their view of the world around them. The creative arts provide opportunities for all children, and I believe wholeheartedly that they are a powerful and fundamental element of every child's development. Art has the power to transform them into creative and independent thinkers."

Victoria Marcantonio (creator of Art4)

"Thanks for such a fab week! They absolutely LOVED your classes and I've been so happy to leave them knowing they're really enjoying themselves, they've made some fantastic creations and some new friends too!"

"I was really impressed with the AMAZING art work my daughter brought home from ART4! She adored the workshop & loved making her own pieces! She was thrilled to show me her finished projects at the final exhibition! We will definitely book again!"

## PARENTAL INFORMATION

NEW location: The Art Department,  
Whitley Bay High, Deneholm,  
Whitley Bay NE25 9AS

- Activities begin at 9:00am & Finish at 4.00pm
- Early drop off: 8.30am & Late pick up: 4.30pm
- Please provide a packed lunch for your child
- Refreshments and snacks will be provided
- Children will be supervised at all times
- ALL equipment and materials will be provided for the duration of the workshop
- Your child will bring home all of the fantastic art work & projects they have created!
- Please ensure that your child has a set of appropriate clothing for the workshop as sometimes activities can be a bit messy!
- All staff are DBS checked & hold First Aid training certificates
- Limited places available due to ratios

## FINAL EXHIBITIONS!

Parents Welcome! Come and celebrate your child's achievements!

The Exhibitions on the final day of each of the workshops allow the children to show off their fabulous creations that they have worked on over the course of the week. Each child will bring home high quality art work which they will be proud of. The exhibition is a celebration of the children and their creativity and individuality!
